

# How do you manage your SWIFT infrastructure?

## SELF MANAGED

Direct costs

Indirect costs

- ⌚ Release upgrades
- ⌚ Housekeeping
- ⌚ Monitor & troubleshoot
- ⌚ Message management
- ⌚ Hardware
- ⌚ Operating system
- ⌚ Network

**No time left  
for other projects**

## MANAGED SERVICE

- ⌚ Message management
- ⌚ Hardware
- ⌚ Operating system
- ⌚ Network

Predictable costs

Optimised infrastructure

Enhanced operations

**Focus on value-added  
core business activities**

# Be SWIFT Smart

Consider the benefits of a Managed Service

With Alliance Managed Operations, you can focus on your core business activities while SWIFT manages your on-premises Alliance interfaces on your behalf.
