
Swift Compatible Interface

Security Conformance Requirements

V2024

Sage Business Exchange

This document confirms that the messaging interface identified below complies with certain Swift security requirements. These requirements are extracted from the [Swift Customer Security Controls Framework v2024](#). The basis of this statement of conformance is the interface provider's self-attestation (pending customer confirmation). Swift does not independently verify such attestation or confirmation.

January 2024

1 General Information

1.1 Supplier

Full name of the organisation that has registered this interface product and the name of the author of this Conformance Statement.

Organisation	Sage
Author	Florindo Antón
Date	June 2024

1.2 Product Information

The name and version numbers of the interface product to which this compliance and conformance claim applies.

Product Name	Sage Business Exchange	
Product Version Number	2024 R1	
Product Functionality	FIN	No
	RMA	No
	FileAct Store-and-Forward	Yes
	FileAct Real-time	Yes
	InterAct Store-and-Forward	No
	InterAct Real-time	No
	Communication Interface	No

1.3 Operational Environment

The hardware platform(s) and/or software platforms for which this product's performance is guaranteed.

Hardware Platform on which
product is guaranteed

As supported by the Operating Systems below

Software Platform on which
product is guaranteed

Microsoft OS Server 2019-2022

2 Conformance Requirements

This document confirms that the messaging interface identified herein complies with certain Swift security requirements. These requirements are extracted from the [Swift Customer Security Controls Framework version 2024](#). The basis of this statement of conformance is the interface provider's self-attestation (pending customer confirmation). Swift does not independently verify such attestation or confirmation.

To view the full list of requirements for messaging interfaces, please refer to the *Preview of Security requirements for messaging interfaces* document published in the Compatible Interfaces document centre / Security Conformance / Self-Attested v2024.

To obtain details on the implementation of the security requirements, the customer is requested to contact the messaging interface provider directly.

Important Swift Compatibility does not guarantee or assure particular service levels, performance or outcomes. The registered provider or vendor offering a Swift Compatible Interface is solely responsible for the performance and outcomes associated with a compatible interface. Swift is not responsible for, nor does it warrant, endorse, or guarantee, the security, performance or quality of a compatible interface.

The use of a Swift Compatible Interface is under the customer's responsibility and at customer's own risk. Checks performed by Swift to verify compliance of the interface should never be seen as a substitute for a customer's own independent analysis, checks and due diligence. Swift encourages all customers considering using a third party Swift Compatible Interface to undertake all necessary due diligence and analysis of suitability before choosing an appropriate Swift Compatible Interface. Swift disclaims any and all liability for the security, performance, acts, faults, or omissions of a third party Swift Compatible Interface provider or its products.
