Standards MT UHB Summary of Changes – 19 July 2024

Standards release 2024

Category 1-n Message Reference Guides
The Category 3, 5, 6 Commodities, and n Message Reference Guides have been updated to include the Standards release 2024 changes. Categories 1, 2, 4, 6 Reference Data, 7, 8, and 9 have not been impacted by this Standards release.
Every year, Standards applies enhancements to its documentation to improve quality and to ensure consistency throughout the Standards MT Message Reference Guides. These changes are controlled in order to ensure that they have no impact on FIN validation.

Category 3 Message Usage Guidelines
The Category 3 Message Usage Guidelines book has been updated to include a new section about ISO 20022 adoption for payments and modifications to existing examples.

Category 5 Message Usage Guidelines
The Category 5 Message Usage Guidelines book has been updated to remove outdated information and include a corrected graphical representation of MT 564 and MT 566.

General Information
The MT General Information book has been updated to modify the development and maintenance processes.

Usage Guidelines
There are no significant changes to the MT Usage Guidelines book. This document has been republished as part of the Standards release 2024 documentation set.
